Learning Lab

Bayer Environmental Science

1. Den mest **tilgjengelige** opplæringspakken

Nettbasert opplæring:

Tilgang:

- *Til hva jeg vil*
- *Når jeg vil*
- *Hvor jeg vil*
- *Så lenge jeg vil*

3 opplæringsnivåer

Nivå 1

Grunnleggende forståelse (vanlige skadedyr og behandlinger, sikkerhet)

Målgruppe: nye teknikere

Nivå 2

Bredere forståelse (spesielle skadedyr og teknikker)

Målgruppe: teknikere med noe erfaring og ekspertise

Nivå 3

Avansert forståelse (plan for bruk av skadedyrmidler (PMP) i spesifikke bygninger, kjemikalier)

Målgruppe: erfarne teknikere / inspektører

Teknikere

Sertifisert
tekniker

> 50 moduler

Nivå 1

17 moduler

Introduction to pest management (1)

- Why pest management is important
- Insect life cycle, structure and function
- Factors influencing pest infestation
- Introduction to IPM

Fundamentals of pest management (1)

- Cockroaches
- Flies
- Ants
- Mosquitoes
- Termites
- Rodents

Application equipment & techniques (1)

- Surface sprays
- Soil treatments
- Space sprays
- Baiting

Safety

- Workplace safety
- Working safely with chemicals
- Understanding product labels and MSDS

Nivå 2

16 moduler

Fundamentals of pest management (2)

- Bed bugs
- Spiders
- Fleas
- Stored product pests
- Birds

Pest inspections (1)

- Cockroaches and ants
- Flies and mosquitoes
- Termites
- Rodents

Application equipment & techniques (2)

- Dusting
- Foaming
- Trapping

Pest control chemicals (1)

- Active ingredients
- Formulations

Customer service (1)

- Dealing with customers
- Good customer service

Nivå 3

17 moduler

Pest management programs

- Food handling facilities
- Health care and educational facilities
- Transport operations
- Hospitality industry

Pest inspections (2)

- Bed bugs
- Fleas
- Stored product pests
- Birds

Pest control chemicals (2)

- Insecticide resistance management
- Development of a new pest control chemical
- Chemicals & sustainable pest management
- Selecting the right product

Customer service (2)

- Working in an effective team
- Resolving customer issues
- Supervising technicians
- Planning a pest management program
- Documentation and reporting

2. Engasjerende læring

Fundamentals of mosquito management

In the image below, which site is the least likely to be a breeding source for mosquitoes?

☐ A
☐ B
☐ C
☐ D
☐ E

Du kan til og med be om en kopp kaffe!

Workplace safety

How many slips, trip and falls hazards can you identify in this image?

I can see
8
hazards

3. Den mest omfattende opplæringen

Bayer Learning Lab You are logged in as: Jason Nash

Pest Management Operations - Level 1

By undertaking this set (portfolio) of courses, you will gain a fundamental understanding of the some of the most important esp. **None**

Introduction to Pest Management

PROGRESS 100%

You have completed the requirements for this group.

- Why Pest Management is important** Course [Open](#)
- Insect life cycle, structure and function** Course [Open](#)
- Conditions favoring pest infestation** Course [Open](#)
- Introduction to Integrated Pest Management** Course [Open](#)

Fundamentals of Pest Management

Og dette er kun på Nivå 1!

4. Passer for alt personell

5. Sertifisering og påskjønnelse av firmaet

Grunnleggende forståelse
(Nivå 1)

Bredere forståelse
(Nivå 2)

Avansert forståelse
(Nivå 3)

6. Uavhengig godkjenning

Kurs godkjent av Professor Lee Chow Yang - USM

Sikrer teknisk nøyaktig informasjon

Bruk
 **Learning Lab**
i egne
opplæringsprogrammer

1. Supplement til nåværende opplæring

Alle opplæringsalternativene har sin egen verdi...

➔ På generelt grunnlag er det begrenset med tilgjengelige alternativer
Bayer Learning Lab kan bli grunnmuren i opplæringsprogrammet ditt.

2. Plattform for administrasjon av opplæringen

Planlegg opplæringen:

Hold oversikt over fremgangen:

3. Ta kontakt med Bayer når/hvor som helst

Direkte fra modulene:

Modulevaluering:

Evaluation	
Pace of the course was comfortable	★★★★★
Materials were helpful to learning	★★★★★
Knowledge was valuable to job/professional development	★★★★★
Overall rating of course	★★★★★
Course clearly communicated objectives/concepts	★★★★★
Course generated enthusiasm in the subject	★★★★★
Course was well organized	★★★★★
Course delivery was convenient	★★★★★
Course delivery was conducive to learning	★★★★★
How likely would you be to recommend this course to a friend/colleague?	★★★★★
Submit	

Learning Lab

Gi deg selv kunnskapen, egenskapene og teknikkene for å lykkes som skadedyrbekjemper!

- ✓ 3 opplæringsnivåer med over 50 kurs
- ✓ Hold virksomheten i utvikling ved hjelp av Bayers ekspertise
- ✓ Ta kontakt med Bayer – når/hvor som helst

Learning Lab

Testet og godkjent i 2015

- ✓ Singapore har vært forsøksland
- ✓ Utmerkede tilbakemeldinger fra kunder
 - Brukergrensesnitt
 - Brukererfaringer
 - Teknisk innhold

To minutters video som oppsummering!
